USGS SAP-MW02 20120705.doc

Just received the draft text for MW02 from Pete McMahon. Please look it over and provide me comments by COB.

The sections highlighted in yellow are information provided by either Randall or Steve (as indicated) during the work group meeting or calls. Any heartburn about them using this information? I think the should just cite USEPA and not specific individuals, but I am open to your thoughts. Let me know.

**Subject:** draft MW-02 SAP

Hi Dave-

Here is this draft text for the MW-02 part of the SAP. I've highlighted the two sentences for which we'd like your feedback. The information in both sentences was taken from the Technical Team minutes. Is it

okay with you if I use this information in the SAP?

If you could look this over in the next 24 hours and let me know if it looks okay to you I would really appreciate it as the report deadline is rapidly approaching. The next step would be to send the document to the entire Technical Team for their review.

Thanks a lot, I really appreciate your time.

Pete
